

Wander[®] Frequent Traveler Plus

ANNUAL MULTI-TRIP, COVID-19 TRAVEL INSURANCE

Coverage for families and individuals

For more than 25 years, Seven Corners has protected travelers all over the world. We deliver health, safety, and security to you when you are away from home. Take us on your next trip!

The Right Way to Travel[®]

Why buy annual travel insurance with COVID-19 coverage?

The world has changed, and travel is different now. You need specialized travel insurance to protect you if you contract COVID-19 on an international trip.

And, if you travel abroad frequently, you also need the convenience of annual coverage for multiple trips.

Wander® Frequent Traveler Plus meets both of those needs, following you on trips abroad with comprehensive coverage, a benefit designed specifically for COVID-19 medical expenses, an extensive directory of medical providers, and 24-hour travel assistance.

This plan is especially important if your health insurance at home does not cover expenses you incur abroad, leaving you to pay medical expenses if you get sick or hurt while traveling. Additionally, medical providers in some countries may require you to pay before they will treat you.

WHO CAN BUY A WANDER FREQUENT TRAVELER PLUS PLAN?

To buy coverage, you must be at least 14 days old and under the age of 75. You may buy coverage for yourself, your legal spouse, domestic partner, or civil partner, and unmarried dependent children under the age of 19.

Everyone on the plan must maintain continuous medical insurance* that covers them in their home country.**

HOW DOES THE PLAN WORK?

You are covered when you travel outside of your home country on a covered trip.*** You select your covered trip length when you buy your plan. Options include: 30-day trips, 45-day trips, 60-day trips.

WHERE CAN I TRAVEL?

You can choose from one of two coverage areas:

- Worldwide excluding the United States.
- Worldwide including the United States.

*Continuous medical insurance refers to a primary health plan. It is a group health benefit plan, an individual health benefit plan, or a governmental health plan (not Medicaid, Medicare, and V.A. health plans) designed to be the first payor of claims in effect before this plan begins and continuing as long as this plan does. Such plans must have coverage limits in excess of \$50,000 per incident or per year.

**What is my home country? For non-United States citizens, home country is the country where you have your permanent residence. For United States citizens, home country is always the United States.

***A covered trip is a period of travel outside your home country with defined departure and return dates. It begins when you depart your home country and ends when you return to your home country or the moment you remain outside your home country beyond the covered trip length option you purchased.

Important Information Regarding Your Coverage

Does this plan cover COVID-19?

Yes. See the schedule of benefits and benefit highlights in this brochure for details.

Please be aware this coverage is not a general health insurance plan, but an interim travel medical program intended for use while away from your home country.

This brochure is intended as a brief summary of benefits and services. It is not your plan document. If there is any difference between this brochure and your plan document, the provisions of the plan document will prevail. Benefits and premiums are subject to change.

It is your responsibility to maintain all records regarding travel history and age, and provide necessary documents to Seven Corners to verify your eligibility for coverage.

Good Faith Efforts

Seven Corners will make good faith efforts to provide the services and assistance described in this brochure. If Seven Corners is unable to do so due to circumstances beyond its control or due to circumstances that make it unsafe for persons to provide such services and assistance, then Seven Corners will provide the services and assistance to the extent reasonable and possible. If Seven Corners is unable to directly arrange services, expenses incurred by you for services that would otherwise be covered under this plan and that would typically be arranged by Seven Corners may be eligible for reimbursement and should be submitted for consideration. **It is your responsibility to preserve all documentation of related financial transactions you wish to be considered for reimbursement.**

PPACA DISCLAIMER

For a claim to be payable, it must meet the terms and conditions in the Wander Frequent Traveler Plus plan document. In addition, you must submit a completed claim form to us within 90 days of the date of service.

Claims are paid two ways:

1. We pay your provider if they did not require you to pay up front. To do this, we need an itemized bill from the provider along with a claim form completed by you.

Pre-existing Conditions

What is a pre-existing condition?

It is any medical condition, sickness, injury, illness, disease, mental illness or mental or nervous disorder, including congenital, chronic, subsequent, or recurring complications or related consequences or resulting consequences that existed with reasonable medical certainty when you bought the plan or any time in the 36 months* before your coverage on this plan began, whether or not previously manifested, symptomatic, known, diagnosed, treated, or disclosed.

This includes, but is not limited to, any medical condition, sickness, injury, illness, disease, mental illness, or mental or nervous disorder for which medical advice, diagnosis, care, or treatment was recommended or received or for which a reasonably prudent person would have sought treatment during the 36 months* immediately preceding the start date of the plan.

***For insured persons traveling outside the United States, the period is 12 months instead of 36 months.**

How do we cover pre-existing conditions?

Pre-existing conditions are often not covered by travel insurance. We provide coverage for them in two different ways.

Myocardial Infarction (Heart Attack) and Stroke

Non-United States citizens traveling inside the United States

This plan can pay the stated amount for each night you are hospitalized in the United States for a heart attack or stroke.

Acute Onset of Pre-existing Conditions

United States citizens traveling outside the United States

This plan can pay for eligible medical expenses incurred outside the United States for pre-existing conditions. See the schedule of benefits for details.

ACUTE ONSET OF PRE-EXISTING CONDITIONS

What is an acute onset of a pre-existing condition?

It is a sudden and unexpected outbreak or recurrence of a pre-existing condition:

- That occurs spontaneously and without advance warning either in the form of physician recommendations or symptoms and requires urgent care;
- That occurs while you are covered, after the 72-hour (3-day) waiting period; and
- For which treatment is obtained within 24 hours of the sudden and unexpected outbreak or recurrence.

A pre-existing condition is not an acute onset of a pre-existing condition if:

1. The condition is chronic, congenital, or gradually becomes worse over time; or
2. If, during the 30 days prior to the acute event, you had a change in prescription or treatment for a diagnosis related to the underlying pre-existing condition.

Coverage ends on the earlier of:

1. The condition no longer being acute; or
2. Your discharge from the hospital.

There is no coverage for known, scheduled, required, or expected medical care, drugs, or treatments existent or necessary prior to departure from the U.S. and before your coverage begins.

There is no coverage for treatment for which you have traveled or conditions for which travel was undertaken after your physician limited or restricted travel.

Optional Coverage

Hazardous Activities

We cover typical types of vacation activities. If you plan to participate in more adventurous activities when you travel, consider buying this optional coverage.

It covers: bungee jumping; caving; hang gliding; jet skiing; motorcycle or motor scooter riding whether as a passenger or a driver; parachuting; parasailing; scuba diving only to a depth of 10 meters with a breathing apparatus provided you are SSI, PADI or NAUI certified; snowmobiling; spelunking; wakeboard riding; water skiing; windsurfing; or zip lining.

You must purchase this optional coverage if you wish to be covered while riding a motorcycle, motor scooter, or similar transportation when such transportation is an established and accepted routine means of public transportation for hire in the specific geographic area where you are located in the host country.
