Do I have to register on the Seven Corners website to obtain information?

Seven Corners partners with EIIA to provide claims management, travel assistance, and information to participants. No registration is required to access their site. Participants can enter through the EIIA website (www.eiia.org) and click on the “International Travel” tab on the top right corner of the home page or go direct through www.sevencorners.com/EIIA. International Travel Insurance Program FAQs

What is the coverage area for this policy?

This policy covers travel outside of the United States, its territories and possessions, or the participant's Home Country or country of permanent assignment while on an institution sponsored trip. Home Country means a country from which the Insured Person holds a passport. If the Insured Person holds passports from more than one country, the Home Country will be the country declared to in writing at the time of the claim. We recommend if the US is one of the countries where a passport is held, that be your Home Country as coverage is fully excluded with the US. For employees of the institution, they are fully covered by workers compensation while acting within the scope of their employment.

Does coverage exist for personal travel?

There is a personal sojourn extension that provides coverage if the covered participant has personal travel in conjunction with the institution sponsored trip. There is no limit to the number of days that can be added to the trip. Personal travel includes travel to countries other than the country of study, but it must be either immediately before or after an institution sponsored trip.

Where do I go for emergency medical treatment?

Ideally, when considering the need for medical assistance you would call Seven Corners and they will direct you to the closest medical facility that practices western medicine. You may also go to the Seven Corners website and identify a medical facility in the Seven Corners Network or any other if there is not one listed that is close. There are benefits to remaining in the Seven Corners Network as you will not have to pay out of pocket at the time of treatment or release and then wait to be reimbursed later. To get the information on the closest facility, please contact Seven Corners or use the website in the "Local Information" tab.

What medical treatment is covered?

The policy is an Emergency Medical Policy, so any treatment necessary due to a covered accident or emergency sickness will be covered up to \$100,000 per person. Pre-existing conditions are covered up to \$25,000 per person, but treatment must be on an EMERGENCY basis and not for normal follow ups or prescriptions. The first treatment must occur within 30 days of the covered accident or initial onset of emergency sickness. Preventative, routine, pregnancy, normal dental and elective care visits are not covered. For example, if a covered participant falls and breaks a leg or has an appendicitis attack, it would be covered. Birth of a child or teeth cleaning at a dentist would **not** be covered.

Who pays for emergency medical treatment?

If you have used one of the medical facilities within the Seven Corners network, they have agreements in place for them to accept the guaranteed payments. In these cases, Seven Corners will pay directly for the services. If an in-network facility is not close, Seven Corners can work directly with the local doctor or facility to set up guaranteed payment terms so the participant is not required to pay out of pocket. There may be times when neither the direct payment or guaranteed payment terms will be accepted by the medical facility or doctor and the participant may need to pay out of pocket. Should that occur, keep the receipts and file a claim with Seven Corners for reimbursement when you return. A listing of network medical facilities can be found at www.wellabroad.com. There is a \$0 deductible.

How do I get reimbursed for emergency medical treatment that I had to pay for on my own?

If you paid for emergency medical services out of your pocket, you can be reimbursed by submitting the **Medical Expense Claim Form** on the Seven Corners site. Along with the claim form, you need receipts showing proof of payment. This information should be sent to the address listed on the claim form. Reimbursement is generally provided within 30 days of completing a submission.

International Travel Insurance Program FAQs

Why would I be asked about my personal health insurance?

Seven Corners requests this information to coordinate coverage should a claim or bill not be covered for one reason or another. This policy ONLY covers emergency accident or illness treatment while abroad, once you return to your country of residence; billing for treatment should go to your personal health insurance carrier because the International Insurance Program no longer applies.

Is the international coverage provided by EIIA primary or secondary?

The international travel insurance provides primary emergency medical insurance. The coverage includes reasonable and customary charges for covered medical expenses incurred by an insured person for the treatment of injury or emergency sickness that occurs while on an institution sponsored trip.

If a student is seriously injured, does insurance provide for a family member to travel overseas?

The insurance will pay up to \$5,000 for one round trip economy airfare ticket for one immediate family member to fly to accompany an injured participant if the participant has been ordered to be hospitalized by a doctor and alone outside of their Home Country. The insurance will also pay for reasonable lodging and meals, up to a total benefit of \$5,000 per occurrence OR 7-day benefit period, for the family member while the injured participant remains hospitalized. These benefits MUST be preauthorized by Seven Corners.

Trip Cancellation Coverage

The coverage provided for Trip Cancellation is generally limited to medical based issues. Trip Cancellation includes coverage for an unforeseen medical emergency and a doctor determination restricts travel for the participant. To file a claim, please complete the **Trip Interruption/ Cancellation Claim Form** on the Seven Corners website. The Trip Cancellation benefit will provide coverage for the non-refundable paid amount up to \$2,000 and **does not** include coverage for:

- a. Terrorist Activity or Threat
- b. Change in plans or financial circumstances of the Insured person
- c. Cancellation or change in plans by common carrier, tour operator, or any travel agent unless caused by inclement weather or organized strike affecting public transportation
- d. A pre-existing condition

Trip Interruption Coverage

The coverage for Trip Interruption includes emergency illness or a covered injury which postpones the travel (to or from the destination) or causes a return home, weather related delays, and organized strikes. The qualifying medical condition must include the participant. The Trip Interruption benefit covers change fees for common carriers and hotels, forfeited non-refundable fees for a common carrier, and additional transportation expense (less any available refunds) to rejoin the covered trip or return to the place of origin. To file a claim, please complete the **Trip Interruption/Cancellation Claim Form** on the Seven Corners website. Coverage is limited to a maximum of \$2,000 with a benefit period of 3 days and **does not** include coverage for:

- a. Terrorist Activity or Threat
- b. Person who is traveling against the advice of a doctor
- c. Traveling while pregnant in the third trimester or later
- d. Traveling for medical treatment
- e. Change in plans or financial circumstances of the Insured person or immediate family member
- f. Cancellation or change in plans by common carrier, tour operator, or any travel agent unless caused by inclement weather or organized strike affecting public transportation
- g. A pre-existing condition

What is considered an excluded sporting event or activity?

Although you are covered for most sporting events, there are some that are considered inherently dangerous. We recommend that you avoid participation in these events since they are not covered by the plan. Injuries incurred from participating in the following scholastic, professional, or semi-professional team sports while representing the college are excluded; American Football, Baseball, Basketball, Boxing, Gymnastics, Ice Hockey, Lacrosse, Martial Arts, Rodeo, Skiing (water and snow), Surfing, Swimming, Diving, Wrestling, and Equestrian. Also, participation in contests of speed using a motorized vehicle or bicycle are not covered. Excluded always are skydiving/parachuting, hang gliding, bungee jumping, mountain climbing, potholing (cave exploring, etc.), zip-lining and motorcycle riding.
