YOUR BENEFITS

Emergency Medical Evacuation/Repatriation

The plan will pay Covered Expenses incurred up to the maximum stated in the Schedule of Benefits if any covered Injury or Illness commences during the Period of Coverage that results in a Medically Necessary Emergency Medical Evacuation or Repatriation (Your medical condition warrants immediate transportation from the medical facility where You are located to the nearest adequate medical facility where medical Treatment can be obtained). This benefit must be approved and arranged by Seven Corners in consultation with the local attending Physician. Emergency Medical Evacuation or Repatriation means: a) the Insured Person's medical condition warrants immediate transportation from the facility where the Insured Person is located (due to inability to obtain necessary medical care) to the nearest adequate medical facility where medical Treatment can be obtained; or b) after being treated at a local medical facility as a result of a Medical Evacuation, the Insured Person's medical condition warrants transportation with a qualified medical attendant to his/her Permanent Primary Residence, to obtain further medical Treatment or to recover; or c) both a) and b) above. All transportation arrangements must be by the most direct and economical route.

If while traveling in his/her Recreational Vehicle an Eligible Person, who is not hospitalized, is released from the hospital or otherwise able to return home, is unable to continue the trip in the Recreational Vehicle, as a driver or passenger, due to an injury or illness that results in medically imposed restrictions as certified by the local attending physician, the plan will pay Covered Expenses incurred up to the maximum stated in the Schedule of Benefits to return the Eligible Person, their spouse, Family Members and Dependents who are travelling with the eligible FMCA members to their Permanent Primary Residence.

The member will be responsible for any costs incurred during the return of the Automobile, Trailer or Travel Trailer to maintain the safe operation of the Automobile, Trailer or Travel Trailer.
