Who We Are

Founded in 1993, Seven Corners, Inc. is an innovative and service-focused insurance and specialty benefit management company serving many different markets in the U.S. and abroad. We have a long history administering health care benefits for government entities, state and federally-funded volunteer programs, student and scholar programs, military branches, commercial entities, and the Federal Bureau of Prisons.

Members of the Seven Corners Provider Network Receive:

Personalized service. We develop a partnership approach with each correctional institution and medical provider. Inmate health care needs are unique, and we work with providers to facilitate effective care management in a secure setting.

Customized technology. Our dedicated Correctional Coordinators act as a liaison between providers and correctional institutions for scheduling, appointment reminders, medical bill imaging, medical records, claims adjudication, and payment.

Efficient claims processing. We utilize a one-pass strategy, ensuring things are done right the first time. Our carefully trained and experienced claims analysts are held to the highest industry standards.
